STEP 4: Account details of Sendgrid

The screenshot displays the Sendinblue dashboard interface. At the top, a navigation bar includes links for Campaigns, Automation, Transactional, Contacts, and Add more apps. A user profile dropdown menu is open on the right, showing the email dhanush132002@gmail.com and options for My Profile, Inventory Management, My plan, Plugins, Senders & IP, SMTP & API, Users, Security, Select your language, and Log out.

The main content area is titled "Dashboard" and features a prominent orange warning box: "Your account is temporarily suspended. You cannot send campaigns right now because your account is temporarily suspended. We need to talk with you about the recent activity of your account. It will help us guarantee the good deliverability of your emails. The reactivation takes less than 24 hours. [Learn more](#). [Contact us to reactivate your account](#)".

Below the warning, a section titled "Activate email campaigns for your account" provides instructions: "Please follow these steps to activate your account for sending email campaigns." It includes a progress indicator showing 33% completion and three steps: "Complete your profile form" (filled out), "Import all of your contacts" (upload contacts), and "Schedule your first email campaign" (set up, design and schedule).

At the bottom, four summary cards display key metrics: "1 All your contacts", "0 opened 0%", "0 clicked 0%", and "0 blacklisted 0%". A "Help" button is located in the bottom right corner.
